

Dev

Egress (Outbound - our pods calling vendor APIs):

- 34.93.169.151 (NAT IP)

Ingress (Inbound - If vendors need to call your services):

- 34.111.207.61 (Main app)

Preprod

Egress (Outbound - our pods calling vendor APIs):

- 34.47.153.186 (NAT IP)
- 35.244.57.192 (NAT IP)

Ingress (Inbound - If vendors need to call your services):

- 35.190.126.196 (Main app)

Prod

Egress (Outbound - our pods calling vendor APIs):

- 34.100.213.44 (NAT IP)
- 34.47.139.78 (NAT IP)

Ingress (Inbound - If vendors need to call your services):

- 34.54.253.214 (Main app)

These are the egress IPs used by our shared-environment applications when calling third-party APIs. Share these with vendors who need to whitelist our outbound traffic.
